SUMMARY

Motivated and detail-oriented Bachelor of Technology Computer Science student, currently pursuing graduation (2023–2026), with a strong passion for software development and problem-solving. Proficient in UI/UX design, Python, and SQL, with a keen interest in applying skills to real-world challenges. Eager to contribute to a dynamic team in a challenging and growth-oriented role.

EDUCATION

Geethanjali Institute of Science & Technology (Bachelor of Technology) *Aug. 2023 - Present*

Computer Science and Engineering
Andhra Pradesh, India

Geethanjali Institute of Science & Technology (Diploma) *Aug. 2020 – May 2023*

Electronics and Communication Engineering
Andhra Pradesh, India

TECHNICAL SKILLS

Languages: Python (Data Structures and Algorithms), HTML, CSS, SQL
Frameworks: Django, Fast API
Tools: MySQL, Figma, Git, Excel, Microsoft Office
Platforms: PyCharm, Jupyter Notebook, Visual Studio Code, GitHub
Operating Systems: Windows, Linux
Soft Skills: Quick learner, Analytical and logical thinking, Self-motivated

PROJECTS

Railway Security Risk Detection | Python, Django, NLP, Machine Learning

- Developed an AI system to classify railway communication messages as secure
- Used Sentence-BERT with RuleFit model achieving ~91% accuracy, outperforming baseline models
- Integrated SHAP to provide interpretable and human-readable model explanations
- Built a Django-based web app with real-time prediction, batch processing, and REST API support

Shiv Shankar Door | Python, Django, OpenCV, JavaScript, SQLite *(Link)*

- Developed a full-stack web application with customer storefront and admin dashboard.
- Built AI-powered door preview using OpenCV with image upload and canvas-based region selection.
- Designed product management system with multi-image upload and filtering.
- Implemented interactive pricing logic based on user-defined dimensions.

TRAINING & CERTIFICATION

- APSSDC AWS Cloud Computing Certified - Sep 2023
  Completed a beginner-level certification covering the basics of cloud computing and an introduction to AWS services like EC2, S3, and IAM
- Scaler Python Course for Beginners – Jul 2025
  Completed certification covering Python basics, data structures, and problem-solving.
